## OVER 25 KILLED; 100 INJURED IN DOUBLE WRECK BETWEEN TWO SECTIONS OF THE BUFFALO FLYER AND TWENTIETH CENTURY LIMITED ON NEW YORK CENTRAL RAILROAD

**FOG CAUSED WRECK OF TWO SECTIONS  
OF FLYER—MOMENT LATER TWENTIETH  
CENTURY CRASHED INTO FIRST WRECK**

**TWENTY-FIVE BODIES ALREADY RECOVER-  
ED FROM WRECKAGE—BOTH TRAINS  
ALL FULLMAN STEEL CARS.**

(By International News Service.)

CLEVELAND, O., Mar. 29.—Twenty-five bodies have been recovered from the double wreck on the New York Central in which two sections of the Chicago-Buffalo Flyer and the Twentieth Century Limited crashed into each other.

Over 100 persons were injured. The rear-end collision between the two sections of the Buffalo Flyer occurred first and scattered wreckage over the westbound tracks. A minute later the Twentieth Century Limited, bearing on toward Chicago, crashed into the wreckage, the engine and two cars turning over.

The first accident was caused by a fog which obstructed the view of the block signals.

Both trains were all steel Pullman equipment. The wreck occurred near New Amsterdam, Ohio, at 1:40 this morning when the first section of the Buffalo Flyer stopped to take water.

Twenty-five bodies had been recovered at 11:00 o'clock. Some of the victims were decapitated, and legs, arms and other portions of human bodies

are scattered throughout the wreckage. Some of the victims will never be identified.

Only two coaches of the Twentieth Century Limited overturned, and no deaths occurred on that train. Most of the victims were in the last two coaches of the first section of the Chicago to Buffalo train.

Engineer Bloss, of the second section of the Chicago to Buffalo train miraculously escaped injury. He stated that he was running 60 miles an hour and did not see the block signals on account of the heavy fog.

The dead have been taken to Amherst, and about 100 of the injured were taken to Elyria.

It is thought that several more bodies are still entangled in the wreckage.

**Commission Will Investigate.**

WASHINGTON, March 29.—The Interstate commerce commission announces that it will make a thorough investigation of the Amherst wreck.

## FEAR EXPRESSED VILLA MAY LEAD AMERICANS INTO AMBUSH; BANDIT'S WHEREABOUTS KNOWN

**Picked Cavalry Selected Under Command of Col-  
onel Dodd to Surround the Outlaw—Villa Un-  
able to Replenish Supplies.**

(By International News Service.)

EL PASO, March 29.—Censored dispatches from the field headquarters of the American punitive expedition at Colonia Duran, state that a body of picked cavalry under the command of Colonel Dodd has been told off for the evident purpose of facilitating the hunt for Villa.

This move indicates that the whereabouts of Villa is known to General Pershing and that he is making final preparations to surround the Mexican bandit. At the same time the fear is expressed that Villa will lead the Americans into ambush.

No rapid has been the pursuit of the Americans that Villa has been unable to replenish his supplies of food and ammunition.

The cavalry picked for Colonel Dodd's special column are members of the Seventh and Tenth regiments.

Advices received by Carranza officials today state that Villa is in Santa Catherine Canyon, near Babicora.

Dr. and Mrs. M. M. Staples, of Macon, Ga., who are making a tour of Florida, are registered at the Despland for a short stay.

Mr. and Mrs. J. M. Metcalf and Miss Elizabeth B. Metcalf, of Girard, Ill., are registered at the Ridgewood hotel for a short stay en route north from a visit at Palm Beach and Miami.

Mr. and Mrs. H. B. Powell, of East Orange, N. J., are among the recent arrivals to Daytona and are stopping at the Despland hotel for a short stay en route north from a visit at Miami.

Mr. and Mrs. R. W. Bilo, of Winston-Salem, N. C., are among the recent arrivals at the Prince George for a short stay before returning north after a pleasant visit to many of the show places of the East Coast.

Mrs. H. C. Miller, of Orlando, proprietor of the Wyoming hotel, at that place, visited Daytona Tuesday by automobile accompanied by several friends and enjoyed luncheon at the Prince George. This is Mrs. Miller's first visit to Daytona, and is very much impressed with it.

Mr. and Mrs. F. A. Curtis and daughter, Miss Bertha Curtis, of Detroit, who have been spending the winter at Miami and Palm Beach are making a short visit to Daytona en route home and are registered at the Ridgewood hotel during their stay.

Alfred Blume, of Union, N. J., and daughter, Mrs. G. A. White, who spent the early part of the winter at the Schmidt hotel, returned to Daytona

Monday after a visit to Palm Beach, Miami and Havana. While at Palm Beach, Mr. Blume invested in some real estate there, but not for his own use as he anticipates spending next winter at Schmidt's.

The largest string of fish which has been caught this season was brought into the Ridgewood hotel Monday afternoon by the members of the Nullo Club, whose members include C. E. Griffing, president; Dr. Hawley, vice president; Dr. Mooers, secretary and treasurer, and E. P. Woodbury, chairman of the committee on arrangements. This genial party chartered the William II, Monday, and went to the inlet, where they spent the day in fishing. The proof of their prowess can be seen in a picture in one of the Beach street photograph stores.

The tragic news was received Tuesday at the Prince George of the death of two ladies who spent a greater part of the winter at this hotel. Mr. and Mrs. William C. Kerns and Mr. and Mrs. John Bohnet, of Lansing, Mich., were very popular at the Prince George whither they came from Michigan in the Reo limousine. They visited all over Florida, but made the Prince

George their headquarters, leaving about ten days ago for the north. At Chelsea, Mich., on March 26th, the automobile in which they were riding was struck by a Michigan Central passenger train. The husbands sitting in the front seat of the machine were not injured, but the two women were instantly killed. Mr. Kerns is a hotel proprietor in Lansing, while Mr. Bohnet is a manufacturer.

### Seeming Inconsistencies.

Explosives go in innocent guise. Thus picric acid is a cure for burns. It is also the main ingredient of lyddite, the terrific agent in high-explosive shells. Without nitrogen there could be no explosive at all, yet this inert gas is the chief constituent in the very air we breathe.

### Dickens Drew From Life.

Smike, Charles Dickens' character in Nicholas Nickleby, seems to have been drawn from the life. Said the author in a letter apropos of that novel: "The rascality of those Yorkshire schoolmasters cannot be easily exaggerated. I have kept down strong truth and thrown as much comicality over it as I could rather than disgust the weary reader with its fouler aspects."

### HARRY KENSEL SOUGHT BY SISTER, MRS. GEO. COLING

Mrs. George Coling, of Pittsburgh, Pa., is very desirous of locating her brother, Harry Kensel, of Chicago, whom she thinks is visiting in Daytona. Mrs. Coling, who is stopping at the residence of Mrs. J. Duga, at 221 Magnolia avenue, had planned to visit Daytona in company with her brother, but was unable to leave her home until later, and thought she would easily find him here. Mr. Kensel is a very tall gentleman, is a member of the Masonic order, and had intended to visit Dr. Tucker, who is located in this vicinity. Mrs. Coling would greatly appreciate any information concerning her brother.

### BIG WOODS FIRE NORTH OF ORTONA TUESDAY AFTERNOON

A woods fire of considerable extent to the north of Ortona Tuesday afternoon caused uneasiness to the residents of that section of the peninsula, particularly those living to the south of Ormond. By back firing and cutting off the advance of the flames at roadways and trails across the peninsula the fire was finally gotten under control. The origin of the fire was not learned.

### GOOD ROADS TRADE MARK FOR VOLUSIA

Volusia county boasts a new slogan—a new trade mark, so to speak. It is the triangle trade mark of good roads presented by W. H. Geisinger of DeLand. Geisinger, who is a first rate booster, has presented to the county commissioners 50,000 gummed stamps advertising the smooth highways of Volusia county.

The labels have a large red triangle stamped on a yellow background. At one point of the triangle is the name "DeLand." At the base is Daytona and New Smyrna.

During the coming summer 63 miles of the finest roads in the world will be laid along this triangle connecting the above mentioned cities including New Smyrna. The highways will be laid for "keeps." That is, they will be put down in such a manner that they will last and efficiently withstand the traffic of hundreds of automobiles. Around the edge of the label is the following in green: "Improved auto-

mobile highway, 63 miles around the triangle. Write the commercial clubs."

There is nothing that means as

much to a resort district as fine smooth roads and Volusia county intends to lead Florida in this particular. A vast amount of thanks are due to W. H. Geisinger, who is working heart and soul, in co-operation with the county commissioners.

**Willing to Let It Ache.**

A barefooted darky, while hoeing cotton one day, saw his big toe under a clod, and, thinking it was a mole's head, hit it and hurt himself. After working with it for a while he got tired, set his foot on a stump and said: "Well, jes pain away now; I doesn't care, you hurts yerself wus'n ye do me."

**You Know Him, Too, Don't You?**

A pathetic figure that comes to mind is that of the old-fashioned village horseman who struggled so long and bravely to accumulate a fortune from a racer that was fast enough to beat the scrubs and to always lose to the professionals. To the day that he was found dead back of the livery stable he entertained unswerving faith in his worthless horse and the belief that the judges or circumstances or the weather always beat him out of his rights.—Kansas City Star.

### "FIELD DAY" ONE OF THE BIGGEST EVENTS OF SEASON

DAY OF ATHLETIC SPORTS PLANNED BY LOCAL SCHOOL PUPILS TO BE WELL WORTH ATTENDANCE.

Next Friday has been set for the annual "Field Day" held by the pupils of the Seabreeze-Daytona Beach public school.

The various athletic events planned for the day will far eclipse those held a year ago and will show the result of many weeks of hard and careful practice in the various lines of sports. The pupils of both high school and grades have put in much time after school and during the intermissions in making ready their parts in this day of fun.

County Superintendent of Public Instruction C. R. M. Sheppard has given the school officers and teachers permission to devote one day from the regular work to the athletic contests of different kinds. Last Friday had been set aside for this purpose, but owing to lack of preparation in certain lines, the event was postponed until Friday, March 31.

Among the contests scheduled are the 50-yard dash, the running broad jump, the standing broad jump, the standing and running high jumps, pole vaulting for distance and height, in addition to races and contests of a comical nature.

The main feature of the day is the tournament of tennis, to be played by all of the boys and girls skilled in the game. This part of the day's sports will be going on at the same time as other numbers. All lovers of tennis numbered among the pupils, look forward with much interest to this tournament.

Ten of the girls of the high school and intermediate grades have been practicing a very graceful wand drill

which they will give sometime during "Field Day."

The girls of the domestic science department of the school have made large stocks of candy and doughnuts which will be placed on sale at booths around the school campus. This candy is far-famed for its goodness, and those desiring examples of the culinary enterprise of the local girls must come early to purchase.

In addition to the athletic exhibitions, there will be a display in the building, showing the work of each grade along certain lines. The parents and visitors are asked to carefully inspect the work of the children and are assured that they will be well repaid for so doing.

No admittance will be charged for any of the games or sports, and all people on the Peninsula, next Friday, are offered a hearty invitation to attend.

#### NEW OFFICERS SWORN AT COUNCIL MEETING

At the regular meeting of the Daytona Beach town council, last Monday night, at the town hall on Harvey street, the most important business transacted was the swearing in of the new municipal officers chosen at the annual election last Saturday.

Nearly all of the officers-elect were present to be sworn in to office.

#### BEACH COUPLE MARRIED FOR SEVERAL MONTHS

Mr. and Mrs. W. O. Conrad, newlyweds, of Daytona Beach, were married on the 26th of November, 1915, by B. F. Green, of New Smyrna, unknown to the most of their intimate friends, and the announcement was not made until Tuesday. They left Tuesday morning for Baton Rouge, La., with the bride's mother, Mrs. Jessie Lewis and family to make that place their future home.

#### DAYTONA BEACH LOCALS

Myron Ellis expects to leave for Miami, sometime during the coming week with an auto party of five to spend a week, making the delightful trip down the East Coast.

Mrs. Weekes and daughter, Margery, who have been spending the winter at one of the local apartment houses, left Tuesday afternoon for her home in the north after a very pleasant stay here. They have visited the beach in former years, but have never found such perfect weather as this last winter. They intend to make Florida their winter home next year.

Mr. and Mrs. B. F. Frazier, Martin Pugh and daughters, Misses Winnie and Helen Pugh, and great granddaughter, Wilmetta, who have been enjoying the past season at the beach, leave this coming Saturday for their home in Danville, Ill. They say that they have never lived in a place which they liked as well as Daytona Beach, and will return, surely, next winter.

**Wrong Suit.**  
"But," she objected, "you're a jack of all trades." "Thou art the queen of my heart," he reminded her, "and the queen takes the jack." Refusing, however, to be impressed with this argument, the maid insisted on a new deal—Judge.

**Number of Continents.**  
Some of the older atlases and geographies count North and South America as two continents. Most of the modern ones give them as one continent. Australasia is generally given as the fifth continent, to include the many islands.

#### SEABREEZE PERSONALS

Mr. and Mrs. John Johnson arrived Monday for their home in Ohio to spend the winter at the Chautauqua on the corner of Duke street and Grandview avenue. They will spend the spring months at the beach.

A practice was held Tuesday night for the repetition of "Ye New Olde Folkes Singing Schole," at the home of Mrs. S. Z. Holland, on Earl street. Many of the members of the library association were present for the practice.

Miss Ruth Stewart came over from Stetson University at DeLand to spend the week-end with her family at their residence on the beach on the corner of Ocean avenue and Earl street. Miss Stewart will remain here for the greater part of the week before returning to her college work in DeLand.

Miss Ethel Sholtz, who came over from Stetson to spend the week-end with her parents at their cozy cottage above the Clarendon hotel on the beach bluff, has returned to her regular course work at the county seat university.

Mr. and Mrs. D. S. Riddles who have been spending the last few months at the beach at the home of Mrs. Riddles' mother, Mrs. H. F. Stewart, and family, expect to leave for their home in Cleveland, Ohio, sometime during the coming week. Their many friends will be grieved to have them leave.

#### ARRANGEMENTS MADE FOR SCHOOL DEBATES

Committees from Daytona and Seabreeze high schools met at the Daytona High school building Tuesday afternoon to decide on the particulars of a debate to be held between the two schools on the evening of Tuesday, May 15, at 8 p. m., at the Daytona High school auditorium.

The members of the local team are Chairman Arthur P. Moor, Joseph I. Greene and Leslie Odum. The Daytona team consists of Chairman Walter Burry, Everett Kallgren, and Robert Doty. The subject of the debate is to be chosen within the next few days by the members of the Seabreeze team who will send the subject to Daytona in order that the Daytona team may choose the side which they may wish to defend.

This will be the first annual debate between the two neighboring schools. Much interest is felt by the pupils in both schools as the coming debate is the first of its kind ever held. The judges are to be chosen by Professors Wakefield and Marks of the Seabreeze and Daytona schools, respectively, and will also be announced later.

#### Fresh Beginnings.

Be patient with everyone, but above all with yourself. I mean do not be disturbed because of your imperfections, and always rise up bravely from a fall. There is no better means of progress in the spiritual life than to be continually beginning afresh and never to think that we have done enough.—Francis de Sales.

## WESTERN UNION FORCE DISBANDS AFTER MOST PROSPEROUS SEASON

With the departure of Miss Jennie  
Smith, today, for Savannah, the win-  
ter force at the Western Union Tele-  
graph Co., has commenced its annual  
departure, at the close of a most pros-  
perous season. Although the season  
has been one of the heaviest, the busi-  
ness has been handled in a manner  
most satisfactory, both from the cus-  
tomers point of view and also to the  
company's interests, and now that the  
season is practically over, the office  
will shortly settle down to a quiet  
summer.

Miss Jennie Smith of the clerical  
department, returned to Savannah to-  
day; Miss Rebecca Fortson will re-  
turn to Jacksonville for the summer;  
Chris Kummick will go to Clearwater,  
as manager of the Western Union at  
that point; G. E. Armstrong, the night  
press operator, will return to Jack-  
sonville, Dana Hinton, although re-  
maining a little longer, will shortly  
leave for Savannah. Miss A. R. Kum-  
nick, on whose capable shoulders  
rests the burden of the office, will re-  
main, and with the assistance of Miss  
Ashley Maley, of the present force,  
enjoy the quiet summer and cooling  
waves of the ocean after this most  
strenuous winter season. Miss George,  
who has been in charge of the Ridge-  
wood hotel branch office, will return  
to New Hampshire, where she will  
continue in the same capacity at one  
of the summer resorts; Miss Jackson,  
in charge of the Despland branch, will  
take a rest of a few weeks here, and  
has not yet decided just where she  
will spend the summer. Lloyd Rick-  
ard, of the messenger force, will re-  
turn to his home in Detroit.

## PREACHER OF RENOWN TO BE HERE SUNDAY

Rev. Louis Albert Banks, D. D., one  
of the great preachers of the Method-  
ist church, will spend a few hours in  
the city on Sunday next, and while  
here will speak in the First M. E.  
church at the corner of Palmetto and  
Bay streets. Dr. Banks is appearing  
on the National Anti-Saloon League  
lecture platform, and is but one of the  
group of men that is constantly going  
over the country from end to end car-  
rying the message of temperance. Dr.  
Banks is widely known in church cir-  
cles as one of America's foremost  
preachers. He has occupied the lead-  
ing pulpits in all the great metropol-  
itan centers, being at different times  
pastor in Denver, Cleveland, Brooklyn,  
New York and Boston. Daytona and  
its people have been favored that  
among the speakers that are sent here  
are such men as Sam Small, John C.  
Woolley and Louis Albert Banks.  
These are days of great warfare be-  
tween the forces of temperance and  
the forces of the liquor traffic.

The meeting and rally will be held  
in the M. E. church at 3:00 o'clock,  
and the admission will be free. A  
general invitation is extended to the  
public to hear this speaker.

W. M. Moore, who owns an orange  
grove in Eustis, made a short visit to  
his Daytona home on North Ridge-  
wood avenue. Mr. Moore arrived by  
auto Tuesday and left today by train.

WINTER VISITOR DIES AT  
COTTAGE IN DAYTONA BEACH  
Benjamin Cramer, of DeLong, Ill.,  
died this morning about 6:00 o'clock  
at Daytona Beach, where he had been  
occupying a cottage during the season  
in company with his wife. Mr. Cram-  
er was 77 years of age.

The remains will be forwarded to-  
morrow to DeLong for interment at  
that place and will be accompanied by  
Mrs. Cramer and a son, A. H. Cramer,  
who joined his parents recently at  
Daytona Beach, summoned here by the  
critical illness of his father.

### Keep Toiling.

He who is silent is forgotten; he  
who does not advance fails; he who  
stops is overwhelmed, distanced,  
crushed; he who ceases to grow great-  
er becomes smaller; he who leaves off  
gives up.—Henri Frederic Amiel.

### Easy to Accumulate.

"What a splendid lot of silver and  
cut glass you have." "Yes, it's a  
great thing to have a golf player and  
a bridge expert in the same family."  
—Baltimore American.

### The Turkish Idea.

A wealthy Turk once complained  
about the British rule in Egypt. "Isn't  
it just?" he was asked. "That is ex-  
actly the trouble," he replied. "I have  
no more influence with the govern-  
ment than the water carrier. Of what  
use has it been to me to work hard  
and accumulate riches if they bring  
me no more favors from the govern-  
ment than the water carrier can get  
who has no money?"

## See the Girl in the Tire?

From a modest beginning the present Kelly-Springfield  
industry was developed, and while the output has increased  
over a thousand fold, the tires are still made by hand in  
the same old careful way.

An electric tractor is used by the Pennsylvania  
Railroad company to shift cars in the streets of  
Jersey City. On one of the wheels is a Kelly-  
Springfield sectional block tire which has seen  
twenty-two months continual service, during which  
period three other block type of tires of different  
makes were worn out; these were gradually re-  
placed by Kelly-Springfield blocks, until now all  
four wheels are equipped.

## WILBUR-BY-THE-SEA TO HAVE FINE HOTEL

ERECTION OF HANDSOME BUILD-  
ING TO BEGIN SOON IN ORDER  
TO HAVE IT COMPLETED FOR  
NEXT SEASON.

J. W. Wilbur, while a caller at The  
News office Tuesday evening, stated  
that arrangements had been completed  
for the erection at Wilbur-by-the-Sea  
of a \$50,000.00 hotel to be completed  
and ready for occupancy early in the  
fall. Work upon the building will be  
commenced as soon as possible.

The structure will be very attrac-  
tive in its architecture and modern in  
every particular. It will include about  
75 rooms, 39 of which will be sleeping  
rooms, nearly all of which will be pro-  
vided with baths. Each room will also  
have a telephone. The building is to  
be fireproof, and will be steam heated  
and electric lighted.

The lobby and dining room will be  
larger than is ordinarily the case and

there will also be a handsome sun  
parlor and large and comfortable  
porches. The hotel will be located on  
Toronto avenue, about midway from  
river to ocean and will have a beauti-  
ful outlook upon both, as the penin-  
sula is not of very great width at Wil-  
bur. The building will face south  
and cover more than 1,000 square feet  
of ground. The building will have a  
large court and the grounds surround-  
ing the hotel will be beautifully laid  
out and improved.

Wilbur is excellently located for the  
purpose of a winter home community  
and no expense has been spared in its  
development by Mr. Wilbur. It is par-  
ticularly attractive to persons fond of  
the water as it is within easy reach of  
both ocean and river, and both are  
within sight from almost any point in  
Wilbur, which is very popular and has  
enjoyed a wonderful growth.

### Aluminum Shoe Soles.

One of the newest uses for alumi-  
num is in making the soles of shoes  
for use by workmen employed in wet  
and damp places. The aluminum  
soled shoe lasts much longer than an  
ordinary shoe and is said to be im-  
pervious to dampness.—Gas Logic.

## NEWS GOOD MEDIUM FOR RECOVERING LOST ARTICLES

Edson E. Atwood, winter resident of  
Second avenue, is another firm be-  
liever of the efficacy of the News as  
a medium for restoring lost articles  
to their owners. Mr. Atwood, who  
has had previous experience along  
this line, had the pleasure Tuesday of  
returning to Mrs. F. T. Polatty, of  
the Abraham apartments, a Masonic  
pin which he found on the sidewalk in  
front of the Baptist church and adver-  
tised in the News. Mrs. Polatty valued  
the pin particularly from the fact that  
it had belonged to her husband's father  
and was delighted over its recovery.  
Mr. Atwood says he had a number of  
inquiries from persons who had lost  
pins and advised all of them to adver-  
tise their loss in the News. The  
News has been exceedingly success-  
ful for several years past in assisting  
its patrons in recovering lost articles,  
doubtless due to its extensive circula-  
tion.

### Optimistic Thought.

That which is great is not always  
laudable, but whatever is laudable  
must be great.

## MEMBERS OF SWASTIKA PARTY WENT TO SEA

W. E. Blodgett entertained another  
party Tuesday with a trip to the inlet  
on board the Swastika and after the  
enjoyment of dinner some of the party  
accompanied Mr. Blodgett on the  
Swastika through Mosquito Inlet to  
the open sea. Mr. Blodgett in other  
seasons has frequently made this a  
feature of his Swastika parties, but  
this was only the second time he had  
taken the Swastika into the open  
water this season owing to the unfa-  
vorable condition at the inlet through  
the shifting of the bars. He has, how-  
ever, marked the channel himself by  
means of boxes filled with cork and  
painted white, which he has anchored  
in the proper positions. Next season  
Mr. Blodgett will have a surf boat, he  
says, and looks forward to getting  
much enjoyment from it.

### Spreading the Scriptures.

It is estimated that the Bible, or  
some part of it, has been published  
in 600 distinct forms of human  
speech. Since its foundation in 1804  
the British and Foreign Bible soci-  
ety has issued over 253,000,000 copies  
of the Scriptures, of which more than  
88,000,000 have been in English.

### THREE CASES TRIED IN MAYOR'S COURT

In the mayor's court today. O. T. Stonestreet, of Daytona Beach, was charged with reckless driving of an automobile. Mr. Stonestreet, who was defended by Attorney Horn, pleaded not guilty. S. B. Faircloth claimed his wagon was smashed and his horse injured through the carelessness of the defendant. After carefully listening to the evidence, Judge Titus found the defendant not guilty, saying if Faircloth wanted damages he must bring civil suit.

Rebecca Knight and Cora Tripp, two dusky belles from Midway, were charged with disorderly conduct and pleaded not guilty. After listening to conflicting stories, Judge Titus stated that he would rid the city of all such undesirables, and fined them \$20.00 or 30 days in jail, but remitted the sentence on the condition that they would leave Daytona today and not return for a year.

Sanitary Officer Johnson summoned Florine McDonald and Robert McDaniel to court for keeping unsanitary places. They were instructed to pay their back bills at once.

**Human Longevity.**  
Thomas Parr of Shropshire, England, in all probability bears the palm for longevity. He lived one hundred and fifty-two years and nine months. It is claimed that Parr's case is well authenticated, while in the cases going beyond him certainty gives way to conjecture.

**Crumbs Better Than a Lump.**  
Every housewife has had the experience of finding a carefully-prepared mouse trap denuded of its bait, but unsprung and minus its victim. This can be avoided and Mr. Mouse's capture assured by using for bait cheese crumbs instead of a large lump. To get the crumbs the mouse must press down and thus set off the spring. A lump, on the other hand, is easily stolen.

**Expert Taxidermy.**  
In the art of modern taxidermy the old system of simply "stuffing" the skins of animals has been done away with and a standard method of accurate lifelike modeling established. Over a carefully made plaster cast of this model the skin is stretched, glued and sewed so that it is difficult to see how it was accomplished; for the moment it is easy to believe that the animal itself has been preserved intact in some marvelous manner.

### Fancy Dress Ball

#### Thursday Evening

Great preparations are in progress for the fancy and dress ball to be held in the Casino Burgoyne, Thursday evening, for the benefit of the chair fund. A special musical program will be furnished by Saracina's Virtuoso band, and everything be very festive. This will be a grand closing event of the most brilliant social season that Daytona has ever seen. The grand march will begin promptly at 8:00 o'clock. Everybody is invited.

Mrs. H. P. Branning and little son, Master Sterry Branning, of Miami, who had been visiting Mrs. Branning's sister, Mrs. A. Milligan, and family on South Ridgewood avenue, left yesterday for West Palm Beach, being called to that place by the illness of Judge Branning's father. Mrs. Branning had expected to be here for some time longer and her departure will be a source of regret to her many friends in this city and vicinity.

## AMUSEMENTS

\*\*\*\*\*  
"LORDS OF HIGH DECISION"  
AT THE ARCADE THURSDAY  
\*\*\*\*\*

Col. Roger Craighill, a Pittsburgh millionaire, is seen presiding at a meeting in the directors' room of the Hercules Bank. He tells them that he intends to crush Gregory, an independent coal operator, by closing his mine and making him a pauper.

Gregory's mines remained idle, the syndicate refusing transportation of his product to tide water, and has been rendered poor as the result of this oppression. Jean, who is an artist, is seen sketching industriously, as the sale of her pictures are necessary for the support of her grandfather and herself. Craighill's son, having graduated from college, visits the town where Gregory's mine is located. There he meets Jean and is smitten with her simplicity. He overhears Walsh, his father's tool, and Gregory in an animated discussion and grows suspicious of him. Gregory, not being aware of Wayne's relationship to Craighill, asks Wayne to use his influence with the Pittsburgh syndicate to have his mine put in operation. When he learns that he has been talking to the son of the man who has ruined him he is about to attack Wayne when Jean intercedes. Wayne then returns home and pleads with his father in Gregory's behalf.

Fay day at the steel mills and no money for the men. Crowds are swarming at the banks in the city. Word comes to Craighill at his office that unless assistance arrives without delay there will be more labor troubles at the industrial plants, which trouble immediately starts.

Wayne starts from the city to try

and pacify the workmen at the mills. On arriving he finds that mine after mine has been destroyed, Joe being killed in one of the explosions.

The explosions have caused oil to spout. In the place of the wrecked coal mine we see a geyser of shooting oil and natural gas which greatly increases the value of Craighill's property. Banks which were appealed to before and refused financial aid have reconsidered their refusal and granted a substantial loan, relieving the entire situation. The Hercules Bank is reopened. The crowds of depositors recede and the town rejoices.

We see Jean mourning for the death of Joe and then as she leans her head on Wayne's shoulder he leads her out of the picture.

\*\*\*\*\*  
"SOLD" TO BE AT THE  
CRESCENT THURSDAY  
\*\*\*\*\*

Pauline Frederick, one of the foremost emotional artistes of the American stage, who achieved a great personal triumph in her initial motion picture characterization, in the Famous Players Film Company's superb photo-spectacle, "The Eternal City," returns to the screen in an overwhelmingly dramatic photo-production of "Sold," the great drama of woman's devotion, adapted from the Russian of George Arastov. As the wife of the poor artist, who poses for his successful rival in order to obtain funds for her husband, who detects and misjudges her, Miss Frederick is completely overwhelming in the intensity and strength of her portrayal. This stirring five-part photoplay will make an indelible impression on the minds of all who witness it.

\*\*\*\*\*  
"OUT OF THE DRIFTS" AT  
CRYSTAL THURSDAY  
\*\*\*\*\*

The picturesque grandeur of Alpine surroundings from the background for Marguerite Clark's appearance in a notable Famous Players-Paramount Picture, "Out of the Drifts," a tale of the eternal snows, of avalanches, dizzy heights and yawning chasms. But the battle against the elements is not the only one in which the adorable Famous Players star is pitted against a powerful adversary. She is a simple, unsophisticated little shepherdess whose innocence and beauty arouse in a dissolute visitor at the village which is her home, the lowest impulses of his nature. But the very ingenuousness which leads her into this trap proves her salvation, for it in turn awakens a sense of shame and repentance in the man, who, as a result, thoroughly changes his mode of life and makes himself worthy of her truest love. Although the environment of "Out of the Drifts" is different from anything in which this star has ever appeared on the screen, it retains the same irresistible charm and the unforgettable personality with which Miss Clark invests every role which she assumes.

#### Why "Mercurial."

The adjective mercurial, like many others, came into ordinary speech from the realm of astrology. In astrological language a mercurial man was one born under the influence of Mercury, when Mercury was in the ascendant, and therefore possessed of the mental qualities supposed to distinguish the heathen god.

### Neighborhood Club at Miss Nelson's

The Neighborhood Club met Tuesday evening at the home of Miss Hazel Nelson, on North Ridgewood avenue, and a delightful evening was spent. Cards were the form of amusement, and Miss Daisy Schmadeke received the prize, attaining the highest score.

A very beautiful linen gift of a dozen Madeira napkins was given Miss Marion Gabeler, who is soon to become a bride.

After the card game a delicious refreshment course was served by the charming hostess. The young ladies will meet next Tuesday evening at the home of Miss Mable Morgan.

If you advertise in the News it goes.

### Miss Ruth Wilbur at Palmetto Club

An added attraction to the musicale which will be given by the Music Department of the Palmetto Club, Friday morning, will be the appearance of Miss Ruth Wilbur, who will play upon the harp, and sing, accompanying herself.

This interesting young lady is the daughter of Mr. and Mrs. J. W. Wilbur, of Wilbur-by-the-Sea, and is highly accomplished upon this melodious instrument.

### Clarendon=Despland Dance Great Success

The annual ball of the Clarendon-Despland orchestras, held in the Palmetto Club, Tuesday evening, under the leadership of Harry Tucker, was a brilliant success. A large number of people were present and a pleasant evening enjoyed. The orchestra consisting of twelve pieces rendered a

splendid dance program of all of the latest and best musical hits. As usual the tempo was perfect, and it would indeed be very difficult not to enjoy every measure, and to glide as if on fairy feet.

This is a yearly affair and is always looked forward to by lovers of the dance.

#### Mother the "Trouble Man."

In every place of business there is an employee who is called the "trouble man," because it is his duty to soothe away every grievance, but in the biggest place of business in the world, the home, where children are made into useful young men and women, the "trouble man" is a woman. "He" is mother.

#### So Tactful!

Two young women, strangers, met on a Pullman car. They discovered that they had several common acquaintances in the city where they both resided, and they spent a very enjoyable half hour together. "I am just returning from a delightful trip," said one of them. "I have seen a lot of people from home, too. Isn't it strange," she added, confidentially, "how glad we are to meet people traveling that we would hardly notice at home?"—Youth's Companion.

### MISSSES A PUT, YET WINS THE HOLE ON PINEHURST LINKS

PINEHURST, N. C., March 28.—It is not every day that a golfer misses a put and wins the hole, the match and a possible championship all at one and the same time as happened today at Pinehurst in the semi-finals of the North and South Women's championship.

Mrs. R. H. Barlow, of Philadelphia, Pa., was defending her North and South championship title against her old time rival, Mrs. Dorothy Campbell Hurd, of Pittsburg, Pa., many times National and British champion.

Mrs. Hurd had come up from behind. The match was even when the players teed off for the long 18th. Mrs. Hurd landed on a corner of the green in four. Mrs. Barlow in a trap in three and also on a corner of the green in four. Mrs. Hurd's put rimmed the hole and finally rolled a foot further on Mrs. Barlow's put for the same distance, tremble for a moment on the edge of the hole and also finally decided to remain outside, but Mrs. Hurd was most effectively stymied by her opponents missed put.

The hole and match went to Mrs. Barlow and with it, so far as the general opinion of the experts is a guide the probabilities of the championship. Mrs. Barlow has still to meet Mrs. C. R. Price, of Pittsburg, in the finals but although Mrs. Price defeated Mrs. M. J. Scammell, of Pittsburg, by the liberal margin of 6 to 5 today and has shown great strength in the match play here of late. It is generally anticipated that she will hardly be able to do more than give Mrs. Barlow a hard fight for the retention of the championship tomorrow.

#### Pioneer of Cremation.

Sir Henry Thompson introduced cremation into Great Britain shortly after the closing of the American Civil war. Using a reverberating furnace, he reduced a body weighing 144 pounds to four pounds of lime dust within fifty minutes. Encouraged by Thompson's success, Dr. Le Moyne installed an improved incinerator in a small, one-story brick structure on a hill overlooking the town of Washington. Three years after his pioneer cremation he died and was cremated in his own institution.

## BID HIM GOD SPEED AND LET HIM GO

The assistant editor's desk is piled high with letters and clippings from northern papers containing items in reference to the weather conditions which friends in this city think it would be well to publish in the vain hope of convincing the tourists who are now leaving home that they are making a grave mistake. Yes, possibly, a literally "grave" mistake as grippe and pneumonia await many of those who go north so early.

All the reports from throughout the north, both east and west, are to the effect that winter still is in the saddle and that snow storm follows snow storm with distressing regularity. But, what is the use of telling this to people who are laboring under the call of the north? They know the conditions north as well as anyone. Many of them have received letters, even telegrams, advising them to delay their return until better weather prevails. Do they heed these well intentioned warnings? But rarely. Most of them know just what they are getting into, having done the same thing season after season. Some of them never come back; pneumonia gets them. But what is the difference? Only that between Florida and some other paradise and they went north when they wanted to go.

This is the natural migrating time of the tourist in the south and he obeys it as blindly and instinctively as does the wild goose. It is absolutely no use to argue the question. It is the time to go and go he will, no matter what the weather may be at his northern home. It is probably a form of homesickness that calls him north, and he will answer to it even if it leads him into snow and sleet and zero weather.

### Daily Thought.

From the moment woman set about doing things for reasons, instead of merely finding reasons for what she wanted to do, there was no saying what mischief she would be at next.—G. B. Shaw.

### Record Explosion.

The most disastrous explosion ever known was at Gravelines in 1654. Three thousand persons were killed.

### An Abstainer.

"I promised my wife never to use tobacco in any form," said Mr. Cumrox. "And have you kept your word?" "Yes. Her views have changed. I don't like the idea of mother and the girls smoking afterdinner cigarettes and I've got to set a good example."

### Careless Surgeons.

Many stories are told of surgeons who have carelessly sewed up things in men's bodies that had no business or function to perform there. Pieces of sponge are often thus lost. The largest foreign material inclosed within the human frame is declared to have been a pair of forceps.

**The Romance That Is Kansas.**  
And traditions—history? You do not need to go to Europe for such things. You could lie awake at night and look out over the wheat fields of Kansas—bearing the greatest crop ever known in the history of that state, a crop great when the need of the world was great—and see passing in the moonlight over the wheat, knee-deep as they rode, the steel-clad band of Coronado's soldiers, dead and gone years ago.—Emerson Hough in the Saturday Evening Post.

# DAYTONA BEACH WOMAN TO BE CHAPERON OF NEXT CONFEDERATE REUNION

(By International News Service.)

LOUISVILLE, Ky., 29.—General Young today announced that Miss Gladys Kernan, of New Orleans, will be the sponsor, and Mrs. N. E. Harris, wife of the governor of Georgia, will be chaperone of the Confederate re-union to be held at Birmingham.

(Mrs. Harris owns a winter home at Daytona Beach, where she spends part of each season, and has hosts of friends here who will rejoice in her selection to the honor of being chaperone of the re-union.)

# MAY RECOMMEND BREAK WITH GERMANY SOON

EXECUTIVE IS CONVINCED THAT SUSSEX WAS TORPEDOED WITHOUT WARNING AND ONLY AWAITS PROOFS.

(By International News Service.)

WASHINGTON, March 29.—It is believed in official and diplomatic circles that President Wilson will take the submarine situation to congress with recommendations that diplomatic relations with Germany be severed.

The president is convinced that the Sussex was torpedoed without warning and is only waiting for proof before acting.

The status of the Englishman and Manchester have not yet been definitely decided, but the Sussex is regarded as the most important and the case upon which action will be based.

It is expected that the necessary proofs will be received within the next week and President Wilson expects to act within ten days.

Affidavits of three surviving Americans on the steamer Englishman have been cabled from Liverpool and state that the vessel was shelled before being torpedoed and sunk. Officials state that this is almost conclusive evidence that the vessel tried to escape. If the assertions made in the affidavits are true the submarine commander was within his rights in sinking the Englishman.

Later in the day Secretary Lansing stated that affidavits submitted indicate that the Englishman was stopped when the torpedo was actually fired. This would make the case of the Englishman parallel to the Ancona case.

## FRENCH REGAIN PART OF FORESTS OF AVONCOURT, NORTHWEST OF VERDUN

(By International News Service.)

PARIS, March 29.—Part of the Avoncourt Forest, northwest of Verdun, has been recaptured by the French, according to the official statement issued today. Furious counter-attacks by the Germans were repulsed with heavy losses. Violent cannonading on the rest of the Verdun front continued throughout the night.

## 100 KILLED WHEN AUSTRIAN AMMUNITION PLANT EXPLODES

BUCHAREST, March 29.—One hundred were killed when an ammunition factory at Wellsdora, Austria, blew up today.

## FOR ANYONE:

Wanting an up-to-date residence right down town, on Orange Avenue near the river. The house has four large rooms downstairs, large verandas; three bed-rooms and bath on second; two maids' rooms on top floor; all very commodious and airy. There is a port-cochere. All modern improvements, such as electricity, gas, city water, hot water heating, laundry with tubs; a two-stall garage, with submerged gasoline tank, with rooms above for the butler, footman and chauffeur.

The lot is 75x125, southern exposure, and the price is most reasonable. In fact, you will consider it a bargain, if you will investigate. Let's talk it over, anyway.

## PARTY OF NEW YORKERS RETURN TO METROPOLIS

Mrs. Lewis A. Stout and son, Eugene Jones, and Mrs. Lottie M. Fisher, who again this season occupied the Harry C. Thompson bungalow, Live Oak and Palmetto avenues, departed this morning on their return to New York, accompanied by Edward S. Betts and his mother, Mrs. Betts, who had been guests at the Prospect hotel during the latter part of the season. Mr. Betts is a prominent New York architect, who built the Mt. Washington hotel, and is building several bungalows here. Mr.

Jones, who has spent a number of seasons here in company with his mother, this season held the position of telegraph editor on The News. His departure will be particularly noted in the omission from the weather column of the "Optimist Department" and the accompanying verses which have been a source of amusement for many readers of The News during the season, especially where they were aimed at local people and conditions.

Now is a good time to subscribe for the Gazette-News.
